

The Itch Clinic

Allergy, Dermatology, and Otolaryngology

Dr. Keith A Hnilica DVM, MS, DACVD

IS IT TIME FOR ALLERGY SKIN TESTING?

Itchy dogs, Foot Licking, Otitis, Recurrent Skin Infections:

1. Try Cytopoint injection
2. Perform a 2 Month Food Trial

**IF NOT SUFFICIENT
or
TOO EXPENSIVE**

**It's time to perform ALLERGY SKIN TESTING
and
ALLERGY DESENSITIZING VACCINE THERAPY**

**85% Successful after 4 weeks of Vaccine
60% cure rate after 2 years
Safer, Faster, Better than Human Allergy Vaccine Therapy**

*DO NOT USE APOQUEL OR STEROIDS FOR LONG-TERM TREATMENT.
(read the Apoquel label)*
